Sentient Publications, United States, 2008. Paperback. Book Condition: New. 190 x 122 mm. Language: English . Brand New Book. A profoundly funny romp through religion, spirituality, and the contemporary clash of cultures of belief, with special attention to the human obsession with knowing what can t be known. Nosirrah provokes just about everyone as he describes a world where God is on the run from Islamic extremists, the Pope announces he shares a bed with Richard Dawkins, and Buddha s son disappoints by getting enlightened instead of becoming a doctor. To say this novella is strange might give the reader a way to relate to it, but in fact, nothing will shift the burden away from the reader. In its pages, the world is bent around the reader s mind until either the mind itself begins to bend, or indeed, breaks. A book without plot, characters, structure, or obvious purpose, this is an endless descent into the netherworlds of a dystopian mind. If a thousand monkeys typing endlessly would eventually produce all great works of literature, then God Is an Atheist is their first draft.
