Stone Volume 41 (Paperback)

By Anonymous

Rarebooksclub.com, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1920 edition. Excerpt: .Sons, Wilmington, Del. To this may be added eight applications for membership The Nast Brothers Lime Stone Company. of Marblehead, near Fond-du-Lac, VVis., have just closed a contract for the complete electrification of their plant to replace steam, which has been the means of power since the company has been in existence. The company will purchase the current, which will amount to 440 volts, and this will operate machines generating a total of 300 horsepower. The individual motors will vary from 15 to 50 horsepower. The lighting current will be cut down to 110 volts. All wiring will be of conduit construction; that is, all wires enclosed in steel pipes, the last word in safety and modern electrical construction. It is expected that the work will be completed in two months. State Gives Sand and Gravel Leases Lease rights on sand and gravel in...

Reviews

The ideal publication i at any time read through. It really is writter in easy phrases and never difficult to understand. Its been designed in an remarkably easy way which is merely right after i finished reading through this publication by which actually transformed me, affect the way i think.

-- **Jaqueline Flatley**

Great electronic book and useful one. It can be writter in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
