By Harrington Emerson

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Col. J. M. Schoonmaker and the Pittsburgh Lake Erie Railroad: A Study of Personality and Ideals One of Mr. Emerson's ablest reviewers recently expressed a hope that, as his first book has been a declaration of a philosophy and the second a definition of principles, the third might be a description of practice animated by the philosophy and guided by the principles of efficiency. Meantime events were working toward this very result. The example is not one with which Mr. Emerson has been professionally connected. It is wholly free from any personal relation. It is a railroad in which ideals of relations to the public, of personality, of organization, of equipment and operation, were determined by the management through their own discernment of the fundamental truths on which all efficiency rests. Mr. Emerson was placed on the inside of the workings of this road. By the courtesy and co-operation of its officials he was brought into intimate contact with all its problems and conditions. From this point of view he shows how excellent a...
