Reviews

It is a single of my personal favorite ebook. I am quite late in start reading this one, but better then never. Your life span will likely be enhance once you total reading this article publication.
(Russ Mueller)

SECRET LOCATION: A WITNESS TO THE BIRTH OF RADAR AND ITS POSTWAR INFLUENCE

The History Press Ltd. Paperback. Book Condition: new. BRAND NEW, Secret Location: A Witness to the Birth of Radar and its Postwar Influence, Ian Goult, In a letter to one of the scientists at the Telecommunication Research Establishment written immediately after VE Day, Sir Stafford Cripps wrote 'I do not hesitate to say that without your team we should certainly not be celebrating the victory in Europe - yet - and probably never'. TRE was responsible for the development of radar that contributed hugely to winning the Battle of the Atlantic, the Battle of Britain - indeed influenced practically every facet of the Allied war effort. Ian Goult was there as part of the team and he describes the extraordinary work done by the boffins at Bawdsey Manor, Swanage and Malvern. Postwar, his work included such key projects as 'autoland', GPWS (Ground Proximity Warning System) and radar systems for the Blackburn Buccaneer and the Vulcan. Ian also provides here a handy 'one-stop' history of the development of radar for the layman, alongside his own fascinating story.
